

Tanya Mohammed Ali

MEDICAL LABORATORY TECHNICIAN

PROFILE INFO

Dedicated and detail-oriented Medical Laboratory Technician with a Bachelor's degree in Medical Laboratory Analysis from Cihan University of Sulaimaniya. I possess extensive and reliable experience across various laboratory departments, proficiently conducting a wide range of tests. My expertise includes managing laboratory operations, handling sophisticated equipment, and adhering to best practices in laboratory safety and patient interaction. I am skilled in receiving, storing, and processing samples while ensuring their integrity and preventing contamination.
