#### 10. Course overview:

For the 2<sup>nd</sup> course general English is going to be taught, and there will be a focus on the 4 skills of the language (listening /speaking /reading/writing) to develop it, yet they learned English language in the academic level. For this reason, studying functional every days English is found very essential to be included in this course for the students to be able to communicate in English language. Grammar and vocabulary are also found to be vital to be included in the syllabus of this course in order to broaden the language knowledge of the students.

#### 11. Course objective:

This course has been designed to develop the language knowledge of the students which they have learnt in the previous years throughout their studying for the English language. It also introduces the students with new vocabularies in the different aspects and knowledge area which indicates that this course not only focuses on the language knowledge but also enriches the students with various information about the different fields in life. It also improves their language skills of the target language (listening / speaking /reading / writing) separately and integrally. This is to develop the English language of the students to the academic level.

#### 12. Student's obligation

Students are obliged to attend all the lessons and have to be responsible not only for attending the lessons but also participation in the classroom activities.

#### 13. Forms of teaching

Audio CDs and DVDs will be played in class to enrich this course specially the listening sections to get the students be acquainted to the native speakers English language and to improve their listening skill.

### 14. Assessment scheme

The students take closed book exams to assess their ability and the marksare distributed as the following:

Oral exam 20% = (speaking): 15 marks + Listening test: 5 marks

Written exam 20% including Reading, Vocabulary, Writing

Final exam: 60 marks are distributed as follows:

Oral exam = Speaking: 20 marks + Listening: 10 marks Written exam

Reading + Vocabulary + Writing : 30 marks

Total average : 40 + 60 = 100 marks

#### 15. Student learning outcome:

By the end of this course students' English language skills will be developed:

- 1. Students' listening skills will be improved to an extent they can understand English language well.
- 2. They learn a range of academic vocabulary so that they can use inspeaking and writing properly.
- 3. They can speak in English to their classmates and lecturers well.
- 4. What they learn throughout the course, they can produce.
