Outline Biography

In 1995, I received my Bachelor degree in Business Administration at Salahaddin University in Erbil, obtaining the first rank of that year .In 2010,finished my Master's degree in Business Administration at Sulaimanya University my Master thesis focused on (Financial Crisis and its reflection on the dividends policies) and implementing in Dubai Financial market for which I received (very good) grade .I have PhD in Financial Management & Financial Statement Analysis .

My Philosophy in Teaching

My philosophy in teaching which is seen as one of the most important dimension for us as lecturers, is how to teach your students successfully and how to prepare them for the market. In addition, if we want to be successful in our teaching life , we have be preparing ourselves and answering our student questions in the classrooms efficiently and effectively.

Certification and training

Bachelor degree in (Business Administration &Management) in Administration and Economy College at Salahaddin University in 1995, Master s in Business Management/finance in 2010. Phd / finance in2019

Educational background and experience

Working on individual project under name the (financial crisis and its reflection on the dividends policies). A practical study in Financial Dubai Markets.

The purpose of the study is to investigate the financial crisis and its reflection on the dividends polices phenomenon and the changes in the dividend policy, supplemented by companies before financial crisis has stormed the international financial market moved toward emerging.

The study depends on an approach of the profit dividend policy; it deals with concept of dividend studies it is basic theories, with the effect element

Their types and dividend on the one hand, and on the other hand financial crisis concept has also been discussed as well as the financial contagion and banks crisis due to the sudden withdrawal of depositor's funds.

Now, I am working on 3 papers.
